Volume No. 1 – Automated System Applications	<b>TOPIC NO.</b>	<b>70225</b>
Function No. 70200 —CARS	<b>TOPIC</b>	<b>DESCRIPTOR TABLES</b>
	<b>DATE</b>	September 1999

## Overview

### Introduction

The Commonwealth Accounting and Reporting System (CARS) descriptor tables consist of numerous tables, each containing different types of descriptive information. The tables that comprise the descriptor table perform two major functions as follows:

- To validate classification codes entered on financial transactions, and
- To provide descriptive titles for use by CARS financial reports.

It is imperative that personnel responsible for the maintenance of these tables carefully review additions, deletions, and changes to system tables as the financial accuracy and meaningfulness of financial reports are dependent upon the system tables.

## Policy

### Policy

The Department of Accounts (DOA) is ultimately responsible for the classification information contained in the tables. The tables listed in this section are the only ones for which an agency can request additions, deletions or changes. The tables marked with an "\*" are maintained by DOA and agencies cannot update these tables online. An agency's capability to update online selected tables may be granted by DOA.

To obtain CARS online table update capability, an agency should code a "U" for update for each desired table on the Security Table Maintenance Form. See CAPP Topic No. 70220, "Security."

## General Coding Requirements

### Descriptor Table Maintenance Forms

For tables maintained by DOA, agencies must complete a Descriptor Table Maintenance Form.

Volume No. 1 – Automated System Applications	TOPIC NO.	70225
Function No. 70200 —CARS	TOPIC	DESCRIPTOR TABLES
	DATE	September 1999

Start Date (MMDDYY)		End Date (MMDDYY)	
---------------------	--	-------------------	--

**DA-04-190**  
**Form Use**

Form DA-04-190 is used for all tables except D09. One coding line is completed for each entry to CARS. All coding must be accurate and legible. All alphabetic information should be printed in capital letters with appropriate spacing. Authorized input forms serve as the audit trail to verify that table listing entries were approved by management.

## Exhibit 2 - D09 Descriptor Table Maintenance Form (DA-04-199), Continued

### Table Maintenance Instructions

Detail data entry instructions for descriptor table maintenance transactions are provided in CAPP Topic No. 60112, *Table Maintenance*. Agencies are not required to complete the forms for changes, additions, or deletions made online. However, a screen print should be retained as an audit trail of the update to the table.

### DOA-Maintained Tables

For tables maintained by DOA, when descriptor table coding is completed, date (month, day, and year prepared) and number each form page. Also print the agency number, contact person address, and phone number in the top left space above the Table-Entry-Key column on each page. Completed Descriptor Table Maintenance Forms are submitted to General Accounting/Table Maintenance in DOA.

### Agency- Maintained Tables

Below are detailed instructions for preparing descriptor table forms for the tables that can be updated by agencies. See Exhibit 1 for a sample of the Descriptor Table Maintenance Form. A sample D09 Descriptor Table Maintenance Form can be found in Exhibit 2. This form is used to update the Agency table, which contains information unique to the D09 table.

The maintenance operator function codes used to update (control) all Descriptor Tables are as follows:

- A** = Add a new code to the table.
- D** = Delete a code from the table.
- C** = Change a code in the table.

Use the following procedures when submitting descriptor table maintenance entries to CARS using the "Descriptor Table Maintenance Form" (Exhibit 1). The "D09 Descriptor Table Maintenance Form" (Exhibit 2) must be used for the D09 table. Instructions are provided in table order.

### \* D05 Table - Element

This table contains the 3-digit program code, 2-digit subprogram code, 2-digit element code and the title associated with that element.

*Continued on next page*

Volume No. 1 – Automated System Applications	<b>TOPIC NO.</b>	<b>70225</b>

	<b>DATE</b>	September 1999

## Exhibit 2 - D09 Descriptor Table Maintenance Form (DA-04-199), Continued

Column	Information Entered
Table	Table Number '05'*
Function	(A, C or D)
Table Entry Key	Program Code (Must be on D03 Table) Subprogram (Must be on D04 Table) Element Code
<b><i>Fiscal Year</i></b>	<b><i>Enter four zeros for an indefinite time or enter the four-digit fiscal year in which the code will be used.</i></b>
Reference Data	Not applicable to the table.
Title	Element Title
<b><i>Start Date and End Date</i></b>	<b><i>Enter in 'MMDDYYYY' format. Start date or end date is required when fiscal year is not '0000.'</i></b>

### \* D07 Table - Fund Detail

This table contains the 3-digit agency code, 2-digit fund group and 2-digit fund detail code, and title associated with that agency/fund detail.

Column	Information Entered
Table	Table Number '07'
Function	(A, C or D)
Table Entry Key	Agency Code (must be on D09 Table) Fund Group Code (Must be on D06 Table) Fund Detail Code
<b><i>Fiscal Year</i></b>	<b><i>Enter four zeros for an indefinite time or enter the four-digit fiscal year in which the code will be used.</i></b>
Reference Data 1	Cash Control Level 0 = absolute cash control 1 = no cash control
Title	Fund Detail Title
<b><i>Start Date and End Date</i></b>	<b><i>Enter in 'MMDDYYYY' format. Start date or end date is required when fiscal year is not '0000.'</i></b>

Continued on next page

\* These tables are maintained by DOA. Accordingly, agencies may not request online update capability to these tables. Changes to these tables must be submitted to DOA on the appropriate table maintenance forms.

**\* D09 Table - Agency (continued)**

<b>Column</b>	<b>Information Entered</b>
8	Fund Indicator ‘G’ = FAACS General Fixed Asset Account Group Only ‘N’ = Any fund except the FAACS General Fixed Asset Account Group ‘A’ = Any fund Group Blank = Not a FAACS user
9	1099 Participation Indicator ‘Y’ = 1099 editing performed ‘N’ = 1099 editing not performed
10	Vendor File Indicator ‘C’ = Vendor names retrieved from the Vendor Edit Table ‘L’ or Blank = Vendor names not retrieved from the Vendor Edit Table ‘R’ = Vendor names retrieved from control agency’s Vendor Edit Table
11	Control Agency Transfer Indicator ‘Y’ = Control Agency has authority to transfer appropriations within control group Blank = No authority
12-21	Agency Phone Number (This is the phone number that will print on the checks produced through CARS.)
22	Agency Type ‘A’ = Agency (no central authority) ‘B’ = Both Central & Control ‘C’ = Control Agency ‘N’ = Non-State ‘S’ = Statewide “Central”
Title	Agency Title
<i>Start Date and End Date</i>	<i>Enter in ‘MMDDYYYY’ format. Start date or end date is required when fiscal year is not ‘0000.’</i>
Reporting Entity	Federal Tax Reporting number of the agency or control agency.
CARS Security Officer	The name of the CARS Security Officer
Phone	The CARS Security Officer’s phone number.

### D18 Table - Project

This table contains the 3-digit agency, 5-digit project code, associated title, and other descriptive information.

Column	Information Entered
Table	Table Number '18'
Function	(A, C or D)
Table Entry Key	Project Code Agency Code (Must be on D09 Table)
<b><i>Fiscal Year</i></b>	<b><i>Enter four zeros for an indefinite time or enter the four-digit fiscal year in which the code is to be used.</i></b>
Reference Data 1 2-12 13-19 20	Project Type (Must be on D37 Table) Federal Identification Number Capital Item Number Cash Control Posting Level Indicator 0 = Do not move project to the cash control file key 1 = Move project to the cash control file key
Fiscal Year	Enter four zeros for an indefinite time or enter the four-digit fiscal year in which the code is to be used.
Title	Project Title
<b><i>Start Date and End Date</i></b>	<b><i>Enter in 'MMDDYYYY' format. Start date or end date is required when fiscal year is not '0000.'</i></b>

### D19 Table - Project Task

This table contains the 3-digit agency, 5-digit project, 2-digit project task code, and the associated title.

Column	Information Entered
Table	Table Number '19'
Function	(A, C or D)
